

Lovettsville Transportation & Streetscape Master Plan

Citizen meetings are an important part of the plan preparation and approval process. They permit the Town and its consultants to report on the status of plan development and to obtain citizens' comments on those proposed plans. Your comments will assist us in determining the roadway and streetscaping elements to be included in the final design.

NAME: _____ E-MAIL: _____

ADDRESS: _____ PHONE: _____

1. Please indicate your level of support for the proposed plans:

- Strongly Support Support Neutral Do Not Support Not Sure

2. Please rank the following design elements from 1 (most important) to 7 (least important)

- New sidewalks Drainage improvements Landscaping/streetscaping
- On-street parking Traffic calming Undergrounding utility poles
- Other: _____

3. Implementation of these plans will require funding not currently available in the Town budget. Please indicate your level of support for raising additional funds through a property tax increase or special assessment:

- Strongly Support Support Neutral Do Not Support Not Sure

4. Implementation of these plans will require additional right of way or easements for construction and maintenance. If you are a property owner along the Broad Way or S. Loudoun Street corridors are you:

- Willing to donate right of way or easements Not willing Not sure Not a property owner

5. Implementation of these plans may also require the elimination of some on-street parking. If you are a property owner along the Broad Way or S. Loudoun Street corridors are you:

- Opposed to losing on-street parking Not opposed Not sure Not a property owner

6. How did YOU hear about this meeting?

- Newspaper Direct mail Town Web Site (<http://www.townoflovettsville.com>)
 Word of mouth (friend/neighbor) Other: _____

7. Please provide us with additional information that you feel would assist us in the completion of this project:

Please leave this comment sheet in the boxes provided near the door - or mail to the following address:
